Moraine Fire Division
Attn: Chief Anthony Trick
4200 Dryden Rd.
Moraine, OH 45439

Dear Mr. Trick,

The Valley Asphalt Corporation has received your letter dated January 7, 2013 in reference to the methane gas issue at our Dryden Rd. location. In response to your concerns we would like to advise you that we are currently working with both federal and state agencies on this matter. The following action has been taken:

- The structure has been secured and access will be restricted to only those individuals that require access.
- Signage has been conspicuously posted around the building that reads "No Smoking" and "Do Not Enter".

Should you have any questions do not hesitate to contact me at (513) 326-6789.

Sincerely,

Keith J. Clay
Safety Manager
Valley Asphalt Corp.
